# NATURALLY CHIC

## COLOR

It looks like you're not even wearing makeup. You've got great coloring. That's why eye shadows that are neutral and natural work for you. Try working a brown or gray liner into your lashes - it will make them look thicker. Neutral blush shades and subtle-to-medium lip colors add fullness, definition and depth to your soft face.

## STYLE

Easy, breezy. That's how you like it. Keep your fabrics and clothes that have a comfortable fit. It's OK not to be trendy or ultra flashy. You've got girl-next-door sexy down. Though your accessories are simple, minimal and can be worn with everything, accessories can also be a good way to bring a little "pop" to your natural look.
